TANISHA

Full-sack Developer

tanishatanwar24@navgurukul.org | +91 85868 82758 | github | Linkedin

Full Stack Developer with a strong foundation in frontend and backend technologies, experienced in building responsive and user-friendly web applications using HTML, CSS, JavaScript, React, Tailwind CSS, Node.js, Express.js, and MongoDB. Passionate about developing scalable applications, learning modern web technologies, and following industry best practices.

PROFESSIONAL EXPERIENCE

- Vedonyx & Kconnect IT Technology Worked with development teams on project execution, documentation, testing, coordination, and task management while balancing multiple responsibilities.
- Full Stack Developer — Experienced in building responsive and scalable web applications using React, Tailwind CSS, Node.js, Express.js, and MongoDB, with a focus on modern UI design, API development, and full application workflows.
- Helped test features, identify bugs, and improve overall project functionality and performance.

Technical Skills

JavaScript (ES6+)	React.js
Tailwind CSS	Version Control
Bootstrap	Git, GitHub
Express	Node.js
Next.js	MongoDB
	Supabase

EDUCATION

Bachelor of Computer Applications (BCA) – Full Stack Web Development **2024-2027**
Baru Sahib, Sirmour, Himachal Pradesh

Higher Secondary **2023 - 2024**
Priya Darshi S.K. School,Fatehpur Beri ,Delhi, India

PROJECT

Full Stack E-Commerce Product Listing App

- Built a full stack e-commerce product listing app with responsive UI and dynamic product management.
- Developed frontend using React and Tailwind CSS with filtering and sorting features.
- Created backend APIs using Node.js, Express.js, and MongoDB for product data management.
- Implemented product detail pages with React Router and error handling.

Tech Stack: React, Tailwind CSS, Node.js, Express.js, MongoDB, REST API, React Router

Full Stack Student Management Dashboard

- Built a full stack student management dashboard with CRUD operations and responsive UI.
- Developed frontend using React and Tailwind CSS with reusable components and dynamic rendering.
- Created backend APIs using Node.js, Express.js, and MongoDB for data management.
- Implemented OTP authentication and email notifications using Nodemailer.

Tech Stack: React, Tailwind CSS, Node.js, Express.js, MongoDB, REST API, Nodemaile

SOFT SKILLS

- Communication Skills – Teaching spoken and written English improved my ability to explain ideas clearly, receive feedback, and collaborate effectively during frontend development.
- Problem Solving – Resolved learner-specific challenges by adapting explanations, similar to debugging UI logic and handling edge cases in React applications.
- Time Management – Balanced coaching sessions with academic and technical project deadlines.
- Team Building & Leadership – Conducted group activities that strengthened collaboration, coordination, and task ownership.
